Why is Rice Cauliflower a TOP SELLER product?

- We sell it in more than 10 countries to more than 17 big retailers world wide
- It is suitable for all consumers because it is free from allergens
- It responds to the most current consumption trends related to healthy, low carbs and plant based diets

Via Emilia organic vegetables are harvested at their peak ripeness, **carefully processed**, and frozen to preserve their nutritional value and flavor. Gently blanched or lightly seasoned, they preserve their vitamins, minerals, and antioxidants, ensuring **high nutritional benefits**.

SPECIAL DIET

We look at dietary needs or preferences like at an opportunity: gluten-free, vegetarian, vegan, or dairy-free diets are a new way to enjoy the flavors of traditional Italian dishes without compromising.

Our Gluten-Free Frozen Pasta and Pizzas are made from alternative gluten-free grains such as rice, corn, quinoa plus veggies or no carb starch, offering the same texture and taste as traditional ones. All this range of products is carefully crafted in dedicated plants to exclude allergens such and provide a convenient and safe option.

SINGLE SERVE ENTREES

Via Emilia vegetable-based pasta is completely **free of gluten, lactose, and eggs**. Through extensive research, we've developed the ideal blend to achieve pasta with a flawless texture, making it an excellent choice for those seeking a 100% vegetable-based nutritional option.
